Got asked again today by McAllister because I used the term "probable sp session this fall" when discussing Vic Kohring's replacement. Bill zipped right past the big announcement of Wes Keller and focused in on sp session again. Y'know, I think the tremdendous interest in this, esp by reporters, has to do with logistics - they want to know where they should plan on camping this fall - Juneau or road system? October or later?

Bradner got his other front-page story wrong, too, on our operating budget. I think he woke up on the wrong side of the bed the day he filed those stories.

Governor,

I apologize for the confusion. The articles were written by Tim Bradner who took my statement that we had not found a fundamental flaw with PPT (something different than what was expected), and spun it as a tacit endorsement. Tim has a viewpoint that comes through in his reporting. Throughout our interview, I never implied that PPT was good; in fact, I told him that I thought we could do better to target the credits toward the riskier exploration side, not give them across the board as PPT does. Tim chose to downplay those statements.

Until we complete our review, make a recommendation to you, and you announce your intentions regarding a special session, I'm trying to keep the press message as a fair assessment of the options.

I'm also looking forward to our next meeting on PPT. I expect it will be early next week. I still believe we will come up with a better option on the gross, but the politics are

explosive, so we need to have all our ducks in a row before we launch anything. Tibbles and Joe will have thoughts on that issue.

Again, I'm sorry the article created confusion. I agree with you that the sooner we come together on our plan, and get a positive message out, the better.

-Pat

Pat- we'll hopefully be meeting on ppt soon. The articles in yesterday's ADN and J of C sounded like a one-eighty departure from the consistent message re: ppt NOT being "sound". I was asked to respond yesterday by a few reporters in Juneau, and also by legislators who may now think we're confused... as they still expect the sp session call this fall and were surprised to read your comments. My response was that I haven't changed my mind about the need to revisit ppt this fall.

MESSAGE:

Honorable Governor Palin,

I wanted to share with you a report that we recieved from one of our Barrow High School Champerones who attend the BHS Football Camp this summer. We would be honored if you would attend the first football game of the Whaler season and sign the winning football. Our home game will begin at 11:00 a.m., in Barrow on August 11, 2007. Your presense would be an honor to us all in Barrow. We believe that our football program will be an asset to our community teaching our boys valuable lessons on teamwork, pride, self-discipline and acocomplishment. Please confirm your attendance with the Superintendent's office 907-852-5311 or direct line 907-852-9529.

Thank you, Susan Hope, School Board Secretary

Letter from Chaperone below:

Good Evening Football Family,

I keep hearing reports from many of you that your boys haven't told you about all the cool stuff they got to do on the football trip like being received by the Tennessee Governor in Nashville. The Titans heard about it and showed up with a trophy ball signed by head coach Jeff Fisher, which the Governor also signed. The Titans gave out souvenirs and Titan ball caps! Here is a web site were you can look at and download pictures of your boys in this photo op:

http://www.tn.gov/eventphotos/index.html - and click June 1

http://www.tn.gov/eventphotos/BW06012007.html

They were perfect gentlemen and proved that they had listened to the protocols of meeting the Governor.

We were also the Sunday Night Highlight for CBS Sports Center with Eric Yutzy. CBS was there when we met the Governor. For most it was a true Forrest Gump moment in time. I just got off the phone with Mr.

Yutzy and he has promised to send a copy of the Whaler story. I will be sure to let you know when it comes in!

WHALERS... WE BELIEVE! (Ask them why we say this.)

MESSAGE:

Hello Gov. Palin,

I would like to introduce myself to you in the hope of establishing a meaningful relationship leading to the long-awaited and badly needed Alaskan Natural Gas Pipeline. I am editor of Pipeline & Gas Journal in Houston, the oldest and most-respected pipeline magazine worldwide. I am also chairman of our Pipeline Opportunities Conference which is held annually to provide an update on new and ongoing pipeline projects, particularly in North America.

I would like to personally invite you to be our guest keynote speaker at the 4th annual conference that is scheduled for March 25, 2008 at the Hyatt Regency in Houston. Our last conference was held on March 26 and attracted a crowd of 344 (25 speakers including our keynote speaker Drue Pearce). Our attendees represent all areas of the pipeline industry: transmission managers and executuives; contractors and suppliers; regulators and lawmakers; consultants and engineers. Typically our sessions consist of executive roundtables in which pipeline officials talk about their projects and the factors that are driving the work forward.

We have followed the Alaskan gas pipeline discussions for years and obviously see a great need for his project, both in terms of gas supply for the Lower 48, growth opportunities for Alaskans and western Canadians, and also for those who work directly and indirectly in

the pipeline industry. Your proposal is certainly a change from the past and seems to have a chance for greater public support.

We would like to offer you an open forum to discuss the project and provide updates to our audience. We have had considerable press coverage in the past (both for Drue Pearce and Shawn Parnell who was our very first keynote speaker in 2005). We would have outstanding press coverage for your visit and would publicize it very heavily.

I apologize for the length of this note but I am extremely interested in offering you a chance to talk about this very important project to this excellent audience.

I would appreciate it if a member of your staff could contact me with any questions or concerns.

Sincerely,

Jeff Share/Editor

Dear Governor Sarah Palin,

I am Katherine Fueller and I am a new board member of the Palmer Senior Citizen Center. I would like to thank you for helping us get started on a new center that is sorely needed as the one we are in is very old and does not fit our growth any more. We all appreciate your support and are proud of the job you are doing.

MESSAGE:

Good Day Governor Palin,

I am writing to ask why the Great State of Alaska has decided to use income and pit one class against another within the Tier 11 hunting system, Unit 13.

My wife and I are just baffled at why Alaska is telling folks if you work hard, make a good living, progress with your job and life etc, you can no longer hunt where you have for the last thirty years.

My Wife, Son and I all harvested our first Caribou in Unit 13 many years ago. We like many others have spent many days hunting, fishing berry picking, camping etc in this Unit. Now because we have over the years progressed within our income it is being held against us.

I know that there will be some families that will qualify honestly for these permits. I also feel very strongly that many folks will lie about what they make as there is no way the state knows this information. Along with that I know many folks that live off the state will get some of these permits as a reward for doing nothing with their lives but taking. If I seem bitter to a point I guess I am. I would help anyone that will help

themselves. But I am not a big fan of takers and there is no doubt in my mind a lot of takers will be taking our permits.

I have been telling my two oldest Grandsons that they can shoot Grandma's and Grandpa's Caribou when old enough (one is now) do to the state program allowing this. Now I have had to try and explain to them this might/will not happen because we make to much money. What kind of message is that to send to the young children in Alaska? Do they understand this decision, NO they do not. They are being raised to do well in school, work hard, get an education etc. Should we now tell them to be slackers so they can hunt in this Great State of Alaska? In my opinion we are sending the wrong message to everyone concerned.

Some of the other rule changes for this hunt are a bit far reaching but if a person really wants to hunt there they will deal with the changes. Point being why did the State open back up the application process. If folks did not care enough about their hunt then to bad for them. I believe this whole process had been nothing but a complete mess.

My family and I fell in love with this area the first time we went there. Our past memories are many. Some very good and like anyone that uses the resources that God has given us some (although good) were tough to endure, i.e. snowstorms in June while fishing. My youngest calls them GREAT CAMPFIRES STORIES. It seems the State is working to keep our future memories to a minimum.

I ask you to think what it would be like for the State to shut you and your family out of your hunting area because you make to much money.

All in all I ask you to have someone look into this process and fix it. I was told yesterday that the Unit 13 Teir 11 process will not be looked at again till 2010. That is unacceptable and needs to be changed. IMO no one earnings class should be given advantage over another.

Thank you for your time. Anything you can do to stop this mess within our hunting systems will be greatly appreciated.

Mr and Mrs Stephen F. Ostanik

Just for the back of your mind, Sharon Illsley's installation ceremony is September 20th in Kenai. By the time she is installed, you will have appointed 3 judges to the Kenai Bench (more than any other bench so far). If you would like to consider attending this day you could surprise her there, and get a chance to meet her, Anna Moran, and whomever you decide on today after your interviews. Governor,

I apologize for the confusion. The articles were written by Tim Bradner who took my statement that we had not found a fundamental flaw with PPT (something different than what was expected), and spun it as a tacit endorsement. Tim has a viewpoint that comes through in his reporting. Throughout our interview, I never implied that PPT was good; in fact, I told him that I thought we could do better to target the credits toward the riskier exploration side, not give them across the board as PPT does. Tim chose to downplay those statements.

Until we complete our review, make a recommendation to you, and you announce your intentions regarding a special session, I'm trying to keep the press message as a fair assessment of the options.

I'm also looking forward to our next meeting on PPT. I expect it will be early next week. I still believe we will come up with a better option on the gross, but the politics are explosive, so we need to have all our ducks in a row before we launch anything. Tibbles and Joe will have thoughts on that issue.

Again, I'm sorry the article created confusion. I agree with you that the sooner we come together on our plan, and get a positive message out, the better.

-Pat

Pat- we'll hopefully be meeting on ppt soon. The articles in yesterday's ADN and J of C sounded like a one-eighty departure from the consistent message re: ppt NOT being "sound". I was asked to respond yesterday by a few reporters in Juneau, and also by legislators who may now think we're confused... as they still expect the sp session call this fall and were surprised to read your comments. My response was that I haven't changed my mind about

the need to revisit ppt this fall.

Ivy- thank you for these recos, it will be helpful in the interviews that will be conducted in just a matter of hours.

We need as much lead time as possible on recos coming in for appointments that I have to consider. More lead time to follow up on the input we receive from good legal minds like Joe Miller, Bruce, WAR, etc. We can't afford to wait until the night before interviews to ask for recommendations. (And again, as I explained yesterday, some of the people on the list you used to ask for input are nice people, but they are not in legal circles and may have had no idea who the names were you mentioned to them.)

So you'll need to work closer with Dan to allow him to vet names with a wide variety of folks, making sure we get as much feedback as possible. It's very important that you work closely with the people we want to tap into, and the people we're serving - as I mentioned re: the confidential matter of where the B and C duties should be conducted/ headquarted.

I'm going to touch base with Kris today on making sure Dan is fully plugged in to the B and C duties that await. We have a number of vacancies that we can fill soon.

Thank you for these recommendations being passed along to Tibbles and me - they'll be helpful.

And pls let me know where the 40 vacancies are on B and C's that have seats expired so I can be thinking of candidates to fill seats. Thanks!

Subject: Gara's gun issue

Walt- we'll ask you to chime in on Gara's proposal re: the gun issue in today's ADN when we all can sit down to discuss the issue.

The first thought that hit me when reading Gara's quote about people not being able to buy guns when they're threatening to kill someone went to my ex brother-in-law, the trooper, who threatened to kill my dad yet was not even reprimanded by his bosses and still to this day carries a gun, of course. We can't have double standards. Remember when that death threat was reported, and follow-on threats from Mike that he was going to "bring Sarah and her family down" - instead of any reprimand WE were told by trooper union personnel that we'd be sued if we talked about those threats. Amazing. And he's still a trooper, and he still carries a gun, and he still tells anyone who will listen that he will "never work for that b*itch" (me) because he has such anger and distain towards my family.

So consistency is needed here. No one's above the law. If the law needs to be changed to not allow access to guns for people threatening to kill someone, it must apply to everyone.

Hopefully we'll all meet on this soon, as Gara will be expecting a response soon.

Dear Governor Palin

I want you to know that all during the process of the new Background Checks there have been struggles, but now the struggles have become unbearable.

However, first I want you to know that I must apologize to Mark Jarvey who works for the Background Check Unit. I have hounded, harassed, scolded and have been generally unpleasant toward him and the Background Check Unit. Only now I have found out that he is not the one that I have been upset about. Mark has on every instance taken my abuse and has done as I have asked and has told me that there are reasons that it has been taking a little longer to get the checks done. I don't always believe him, but he always, always got what I wanted to me.

So now I would like to thank Him for all the hard work he does (and those that work for him) not only for me but all the PCA's and others that he has to deal with. I know we have asked much more than we should of him and I wanted you to know this.

But now, real reason for this letter is this. I am appalled at what is going on with the background checks. We have been told repeatedly that the checks take "24 to 48" hours. Did you know that I have applications that are over a month old and have been done yet?

I found out when talking to a couple of the PCA's that I am not the only one, however I did not know that Mark was not the one to blame (although I always did). The reason I know that now is that I have never received any letters from Mark Jarvey. I get letters from Melvin Richardson and I get letters from Jana Goff, but never Mark Jarvey. I found out that either Melvin Richardson or Jana Goff are the ones responsible for actually getting the background checks done and IT'S NOT GETTING DONE.

If these two people are responsible, what is it that makes it impossible for them to do their job? If they are not responsible then who is? Everybody understands delays, but a delay from 2 days to 32, please.

Governor, somewhere in every management scheme there is a way to get the job done. I would gather from my experiences that some of the folks in the Background Check Unit have either alternate work weeks or 4 day work weeks. I would also bet that they have taken days off on non-scheduled vacation time. That is all fine and good but what about us? We can't take those days of because we can't hire somebody. We can't hire them unless they have had a background check. We can't get the check done in a timely manner. They leave or tell us that they no longer need the job because they found other employment because it is taking to long to get the check done. The, when the individuals that I have put in for background checks leave due to the length of time it takes to get the check done, I still have to pay the $25 application fee. How crazy is that. The Background Check Unit can't get the work done, and I still have to pay for it?

In addition, The web-site states that if there is a delay of more than 5 days contact the Background Check Unit. Fine, but how many time do I have to do that? As it turns out, after looking at my "In Process" cases, that would be everyday. Everyday?

There are hundreds of services providers people being held up by this process and hundreds more clients that are doing without care. I know you have worked both inside and outside the realm of public office and I don't believe that you have kept an employee that could not do the job. I don't believe that I have ever. I also know that as a state employee you cannot just fire them like I can. But something must be done.

As you can see I have CC'd the Commissioner and the Director at Public Health because I don't know if they have heard or understands our issues.

As for a response, if you can, and it comes from yourself, Ms. Jackson or Mr. Butler I would greatly appreciate it. If you are going to let Mr. Richardson or Ms. Goff reply then disregard I don't need another round of political double speak from someone trying to explain how they can't do their job.

I am sorry for going about this in this manner, but I also don't need to have my cases lost or put on back burners due to indignant repercussions. I know I speak for more than just myself and will send your response to other PCA and non-profits that are affected by this.

Thank you for your email to Gov Palin. Dr. Jay Butler has responsibility for the background check unit and is working to make improvements. I

I expect that Dr. Butler will contact you soon about the issues you have raised so you can better understand what to expect as work continues on the development of an effective background check system to proctect vulnerable Alaskans.

Subject: Background Checks

Dear Governor Palin

I want you to know that all during the process of the new Background Checks there have been struggles, but now the struggles have become unbearable.

However, first I want you to know that I must apologize to Mark Jarvey who works for the Background Check Unit. I have hounded, harassed, scolded and have been generally unpleasant toward him and the Background Check Unit. Only now I have found out that he is not the one that I have been upset about. Mark has on every instance taken my abuse and has done as I have asked and has told me that there are reasons that it has been taking a little longer to get the checks done. Dear Governor Palin,

Having had no success in addressing my concerns through the proper CAP channels, I am attaching a letter written to Connie McKenzie with the congressional delegation in Juneau. I am hoping your office will also look into the CAP actions, both local and commands, and help sort out what appears to be multiple misuses of CAP resources.

I am willing to submit names of people I have referred to but not specified if needed. My hope is to not increase their exposure by naming them in the letter; please have someone that will keep their names confidential contact me for them.

Thank you for your time in this matter, and for looking after the state.

George Campbell
Juneau Alaska

P.S. This spring I drove by the mansion and saw a trampoline with children in the yard, and a muddy silver truck with big tires in the drive. About time we were blessed with people from real lives.
